

Angled bracket for easy installation

OFF/ON within 3 seconds to override the PIR sensor

Ventas I

Ventas I 20W LED Floodlight with detachable sensors, IP65 rated, 4000K

Kosnic's Ventas LED floodlights have the option to include an easily installed PIR sensor, remote control PIR sensor or a Dusk to Dawn sensor. The 30W and 50W versions come with a switchable colour temperature (3000K/6500K). The high-quality aluminium floodlights make ideal replacements for energy-hungry halogen lighting and are suitable for outdoor use offering high lumen efficiency and a long life.
